## Avoid all Substitutes for Royal Baking Powder.

No other Baking Powder is "just as good as the 'Royal'" either in strength, purity or wholesomeness. The "Royal" is superior to all others in all ways. Most housekeepers know this from their practical experience, and the reports of the U. S. Government investigations show it officially. The Government chemist says the "Royal" is "undoubtedly the purest and most reliable baking powder offered to the public."

If some grocers try to sell another baking powder in place of the "Royal" they do so because they can make a greater profit upon the other; good evidence of the superiority of the "Royal." To give greater profit the other must be a lower-cost powder, and to cost less it must be made with alum or cheaper and inferior materials.

Because the "Royal" uses more highly refined and expensive materials it costs more to manufacture than any other baking powder, but it is correspondingly purer and higher in leavening strength, and accordingly of greater money value to consumers, although the retail price to them is generally the same. Consumers are entitled to full value for their money, and therefore will not, if wise, accept any substitute for the "Royal."

Unfortunately, not only are many of these would-be substitute powders made from inferior and unwholesome materials, but they are placed before the public with advertisements intended to mislead as to their true character. A powder advertised by its manufacturers to have printed upon its label all the ingredients used in it, proves upon analysis to have in its composition four substances not named upon its label, two of which are lime and sulphuric acid. Most of the alum powders are fraudulently sold as pure cream of tartar goods.

The danger incurred, should such powders be substituted for the "Royal," will be apparent to every consumer.

GAZETTE and STOCKMAN one year \$2.

The neatest and most artistic job  
work at this office.

### LOCAL INTELLIGENCE.

#### THE POTTS CASE.

They Are to Suffer the Death Pen-  
alty To-Morrow, and the "Ga-  
zette" Admires the Jury Who  
Convicted Them.

The Potts are to suffer the extreme penalty of the law to-morrow for murdering and mutilating the remains of poor old man Faucett at Carlin on New Year's night in 1888. Public sentiment goes with the condemned, and much sympathy is expressed for them, for one year and a half has elapsed since the horrible murder. It is astonishing how soon one is forgotten who goes to the silent majority, while those in the flesh are pitied and petted when confronted by the death penalty for taking a human life.

THE GAZETTE has no sympathy with a murderer, and is free to confess that it thinks the Potts are better off out of than in the world, for there can be no doubt but that they robbed and took the life of poor old Faucett, cut up the remains in the most revolting manner and concealed them in a cellar. Such people are no good, and if the law was vindicated in more cases society would be purer, being cleansed of men and women who could be base enough to conceive of such a crime, much less carry it into execution.

#### LAST NIGHT'S ENTERTAINMENT.

The Music Department of Bishop

Whittaker's School for Girls.  
The Opera House was well filled last evening by the friends of the School for Girls, together with a large delegation from the I. O. O. F. Lodge. The stage was handsomely decorated with flowers and flags, and with the motto of the music department, "Concordia est divina," conspicuously displayed.

The playing of Fredrick's orchestra, with Miss Quaille as pianist, was greatly enjoyed. Among the various numbers rendered it is impossible to particularize, as all showed careful and energetic work by both teacher and scholar. Miss Quaille may well feel proud of the success of the thirty-first rehearsal of the Department of Music.

#### Kicked by a Horse.

From the Virginia Enterprise it is learned that the 11-year-old son of J. Klien, the harness maker, living on the Divide, was dangerously injured last evening by being kicked by a horse. His skull was shattered, several pieces of bone having been removed by the surgeon.

Read the 50-cent ad. in to-day's paper of "a girl wanted."  
The Truckee Republican thinks it will cost the railroad company a quarter of a million dollars to repair their snowsheds across the mountains.

Fred Quaille, a brother of Miss Quaille, of the School for Girls, who has been for many years connected with the Treasury Department at Washington, came in from the east last night and is visiting his sister.

#### Moved Still Further.

By Cable and Associated Press.  
St. Petersburg, June 19.—Madam Tachbrikova, whose recent letter to the czar protesting against the system of the government in Russia, led to her arrest, has been removed with fifteen others, to the village of Yarensk, in the remote northern part of Volodga.

#### Prison Congress.

By Cable and Associated Press.  
St. Petersburg, June 19.—The International Prison Congress, in session in this city, adopted resolutions de-

First.—That in future treaties between nations the general principle of extradition should be recognized and an agreement arrived at as to the nature of cases to be deemed as exceptions to the rule.

Second.—That international associations should be organized to assist discharged prisoners and their families.

Third.—That the action of charitable bodies, both punitive and preventive, should be brought into general agreement.

Fourth.—That inebriety, accompanied by disorderly conduct, should be punishable; that the sellers of alcohol should be responsible for the crimes resulting from serving men, and that the sale of liquors on credit or to children should be prohibited.

Randall of Michigan will address the Congress on the subject of young offenders.

#### The Silver Contest.

By Associated Press.  
Chicago, June 19.—A Washington

special to the Herald says: While nine-tenths of the members of the House of Representatives are expecting to fight over the question in reference to the silver bill to-day, the bill is reposing calmly in the custody of the Committee on Coinage, Weights and Measures, and no one knows when it will be reported.

As the committee is said to be unfavorable to the measure, it may be presumed that the bill will not be reported in a hurry. The Speaker, under one of the new rules, quietly referred the bill without laying it before the House.

Reed is opposed to the bill, but he made a careful canvass of the House yesterday and declared that free coinage would carry.

#### The Fisheries Dispute.

By Cable and Associated Press.  
Paris, June 19.—The Figaro, in an

article on the New Foundland fisheries dispute, declared that Salisbury, the British Prime Minister, will not accept arbitration; that if France refuses, Salisbury will repudiate the treaty of Utrecht and open new negotiations for a new treaty, giving the French to a reasonable extent, cod and lobster fishing grounds, and to the colonists, exclusive rights to the coast and banks.

#### The Cretan Troubles.

By Cable and Associated Press.  
Canea, Crete, June 19.—A few

days ago a number of Christians ambushed and shot three Turkish soldiers and Cretan Mussulman, and a body of Mussulmen in revenge, killed the Christians and threatened further reprisals.

#### A Chicago Marriage.

By Associated Press.  
Chicago, June 19.—Rose Farwell,

youngest daughter of U. S. Senator Farwell, was married at noon, at Lake Forest, to Robert Staylor, a member of an old and wealthy Chicago family.

## A HOT DISCUSSION

In the House of Rep-  
resentatives.

### REED'S RULING DENOUNCED.

Still Searching for the En-  
tombed Coal Miners.

Stanley's Compliments on the  
British Prime Minister.

#### Congressional Proceedings.

By Associated Press.  
WASHINGTON, June 19.—Mills ob-  
jected to the approval of the journal on  
the ground that it was not read in full  
by the clerk.

The Speaker ordered a full reading, and the clerk proceeded to read that portion of the journal which disclosed the reference of the silver bill to the Committee on Coinage, Weights and Measures.

McKinley moved that the journal be approved and demanded the previous question, despite Mills' protest that he was entitled to a recognition to move to correct the journal.

Springer raised the point of order that the journal contained a record of something which never passed.

The Speaker replied that that was for the House to decide and directed the clerk to call the roll.

The clerk proceeded, while Springer, amid the applause of his party colleagues, entered a vigorous protest, addressing the Speaker, saying: "You can ignore the rights of the representatives of the people, but the people will pull you down, sir, at the polls next November and your party with you."

The House refused to order the previous question—102 to 117—amid loud Democratic applause.

The following Republicans voted with the Democrats in the negative: Bartine, DeHaven, Kelley, Kerr of Iowa, Land, Morrow and Townsend of Colorado.

Mills offered a resolution reciting that the order of reference made by the Speaker, referring the silver bill to the Committee on Coinage, Weights and Measures, was incorrect under the rules of the House and was made without authority under the rules, and resolving that the journal be corrected by striking therefrom this entry:

Cannon of Illinois argued that the Senate amendment would require to be considered in Committee of the Whole, that being so, it was the Speaker's duty to refer it to the Committee on Coinage, Weights and Measures; that the resolution sought to strike out a recital of facts.

Mills, of Texas, characterized Cannon's position as the boldest, most reckless and absurd position he ever heard maintained in a legislative body; that under the constitution, the Journal was to be kept by the House, not by the Speaker or his clerks. He charged the Republican party with being false to its pledges on the matter of silver, and said that Democrats would give the people free and unlimited coinage of silver; that the people will ask the Republicans why, when they were sent here as friends of silver, they voted to prevent a consummation of the people's wishes and a fulfillment of their promises.

Peters of Kansas, though declaring himself a free coinage man, sustained the Speaker's action, contending that under the rules it was the Speaker's duty to refer the bill as he had done.

Biggs of California put an interrogatory with such vehemence as to drag forth laughter from the House, which was renewed, when Biggs, in perfect good nature, but totally oblivious of the Speaker's gavel, continued to put his questions.

Finally the Speaker asked sternly: "Will the gentleman from California be in order?"

"I will," replied Biggs' meek and pleasant voice, which again gave rise to merriment.

Crisp of Georgia submitted an argument to show that under the rules the Speaker had not the power to refer the bill as he had done.

Springer, of Ill., contended for the right of the House to revise the Journal to make it show what the majority of the House decided it should show. The purpose of referring the bill to the Committee on Coinage, Weights and Measures was to prevent the House from voting on the question of concurrence in the Senate amendments. The rules which were claimed, were intended to allow the majority to do business and produce results, are now prostituted to the base purpose of gagging the majority.

Bland, of Missouri, held that no other course was open but to strike the

erroneous reference of the bill from the Journal. That would place the bill on the Speaker's table again and allow the House to get at it.

Butterworth, of Ohio, said the time had not come when the Republican party were willing to abdicate its control over the business of the House. The question would be put next fall, but not in time to affect this question. McMillan of Tennessee—"But it will be in time for this question to affect it." [Democratic applause.]

Continuing, Butterworth held that the real question before the House was whether or not the Speaker referred the bill to the committee, not that it was not properly referred. The question arose whether the Speaker is authorized to make the reference; he contended that he was so authorized. Rule 21 gives the Speaker authority to refer public bills to appropriate committees.

Springer argued that the silver bill was not properly, under the rules, before the House yesterday, because the business on the Speaker's table had not been reached.

Butterworth said the pending proposition sought to unhorse the Republican majority and to put the Democratic minority in the saddle. Republicans should not abdicate in favor of Democrats until, at least, they should determine that they were unable to conduct the business of the majority. [Republican applause.] He was in favor of an early consideration of the silver bill.

Anderson of Kansas, while declaring himself an earnest advocate of free coinage, maintained the correctness of the Speaker's ruling. He wanted to ask the Chairman of the Committee on Coinage, Weights and Measures whether the committee would give the House a chance to vote upon the measure.

Conger of Iowa, chairman of that committee, replied that as far as he was personally concerned he would make every effort to secure legislation on this subject.

Crisp said the Committee on Rules might interfere as it did to prevent a vote on the free coinage of silver.

#### Stanley on Salisbury.

By Cable and Associated Press.  
LONDON, June 19.—Stanley was pre-  
sented with an address at Berrick to-day. In reply he spoke in most enthusiastic terms of the wisdom of Salisbury's settlement with Germany of the African question. By agreement, 500 square miles of territory were added to the British possessions in Africa.

Instead of a dolorous tirade against the Prime Minister, Stanley said, now is the time to sing in his honor, and that it is now possible to realize the great dream of those concerned in the exploration and civilization of Africa from the Cape of Good Hope to Cairo.

#### The Dunbar Mine Disaster.

By Associated Press.  
DUNBAR (Pa.), June 19.—The pro-  
gress made last night by the rescuing  
party has not been nearly so satisfac-  
tory as hoped. The men are still  
working steadily, but there has been a  
great deal of fallen wreckage encoun-  
tered. It has been decided to attempt  
an entrance through another lead.

It is barely possible the men are still alive, as the draft last night suddenly increased, which can only be accounted for either by a fall of rock, or the men digging to meet the rescuing party.

#### More Mormon Arrivals.

By Associated Press.  
NEW YORK, June 19.—The steam-  
ship Wyoming this morning landed  
250 Scandinavian and Welsh Mormons  
in charge of Bishop Wiley. They will  
leave this afternoon for Salt Lake City.  
A special registration of the party was  
made, so that if the Government should  
wish to interfere on the grounds of  
imported laborers, the arrivals can be  
located easily.

#### A Close Shave.

By Cable and Associated Press.  
LONDON, June 19.—In a division  
in the House of Commons this after-  
noon on the first clause of the Licensing  
bill, the Government won by only  
four majority. The announcement  
was greeted with prolonged opposition  
and cheering.

#### TELEGRAPHIC BREVETTES.

Bar silver, 104 1/4.

In Buenos Ayres to-day gold was  
quoted at 134.

Robert A. Ward, the champion half-  
mile amateur runner of the United  
States, died yesterday afternoon.

The President has approved the cen-  
sus deficiency appropriation bill, and  
the act providing for the exportation  
of fermented liquors in bond without  
the payment of the internal revenue  
tax.

The Prohibition State Convention of  
Ohio convened at Columbus to-day.  
Their resolutions call for a con-  
gressional prohibition law, arbitration  
to settle labor disputes, a tariff for re-  
venue, and the free coinage of silver.

A communication from Blaine to the  
President favors the importation free  
of duty all products of the Pan-American  
countries on goods on which no  
export duties are charged, provided  
such countries admit free of duty the  
products of the United States.

## 5 O'CLOCK EDITION.

THE Carson Appeal copies what the GAZETTE had to say of General George F. Turrill and adds the following about General Irish:

"While welcoming the coming, it may not be out of place to speak of the parting guest. General Irish assumed the duties of Surveyor-General of the General Land Office under peculiar circumstances. Ever since his arrival in the office he had a running fight on his hands, and at times the fight was of a character that most men would be glad to have off their hands.

"General Irish, however, had an honest record, combined with ability and experience, and he soon became regarded in this community, not as an Iowa carpet bagger, but as a citizen who benefited the State from the moment he located here. "He won the respect of all with whom he came in contact, irrespective of party, and in spite of his being a Democrat appointed by Cleveland, the leading Republicans of the State were in full accord with him and his work.

"He was able and honest, and would never have been called to step down but for the fact that his party is not at present in the majority.

"He will settle permanently in Reno and follow his old profession as surveyor."

General Irish has had much to contend with and a stubborn opposition to overcome, but he has come out of the controversy with clean hands, and nothing that has been said about him can in any way affect his future life.

At the Republican convention held at Mt. Sterling, Ill., the 31st ult., which was composed principally of farmers, and admitted by all as the largest body of men ever assembled in convention in Brown county, the following statement was made by T. J. Clark:

"I am a farmer by profession; I belong to that class of individuals whom our Democratic friends claim are being robbed by protection. Let us investigate, and see if there is any truth in their statements, admitting the fact that there is a tariff to protect the manufacturer and laboring men upon every article we use in the house or on the farm. The blankets under which I sleep that cost me \$12 per pair fifteen years ago can be bought to-day the same weight and kind for \$6 per pair. Cotton and dress goods have decreased in price since 1860 in like proportions. The axe I use cost me 75c, a better axe in every respect than the one my father bought in '37 for a \$2 bill. The wagon I use cost me \$50, and a better wagon than my father bought during the good old Democratic free-trade days of 1866 to '60 for \$140. In fact, my friends, there is not an article we use in the house or on the farm but what can be bought from 50 to 300 per cent. cheaper than the same article could have been bought for before there was a protective duty placed upon those articles."

FREE TRADERS insist that they belong to the class of men who have no capital; that they are in close sympathy with the poor men of the country, and yet, a delegation of free trade importers went down to Washington the other day to oppose the McKinley bill, and one of them informed a reporter of a Washington newspaper that he and his associates represented half a billion of dollars. That is equal to half the money in the United States; that is equal to half the national debt. Those sympathizers of the poor, says the Salt Lake Tribune, are a healthy set of philanthropists certainly, and despite all they have given away they seem to be pretty well fixed still.

REFERRING to the splendid protection victory recently achieved in Oregon, the American Economist says: The people of Oregon had a short educational campaign in which the American Protective Tariff League played a part, and the result is an increased vote for Protection. Oregon has begun the work well and we extend our congratulations to both Senator Mitchell and Congressman Hermann and to the course of Protection which they have upheld so valiantly.

A TRUST has been formed to monopolize and develop the onyx mines of Mexico. It promises to reduce the price from \$14 to \$4 a cubic foot. This is what all the combinations profess to have in view, but usually they contrive to make bigger profits than before. Of course, if they like, they can cheapen production, but all the time they are giving object-lessons in co-operation which may some day be turned against them.

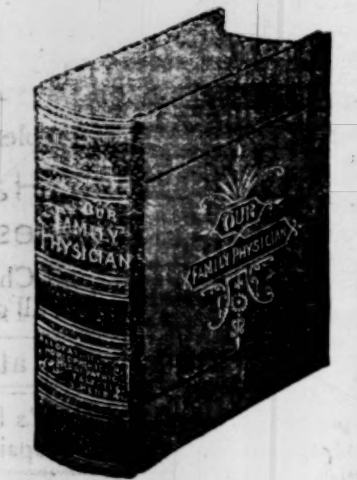

THE Pennsylvania Railroad Company has discarded the stove for its nineteen hundred passenger cars. This leaves the Baltimore & Ohio the only trunk line from the Atlantic coast that still continues to use the car stove. The Government of the United States ought to interpose and make it a misdemeanor for any railroad company to use stoves in passenger cars.

THE San Francisco Chronicle says: They do say that after young Navarro had had a protracted executive session with his Mary during his courtship, he used to go and sit in the ice-house to get warm. Marriage works miracles, however, and De Navarro may be the Pygmalion to charm this modern Galatea into life.

THE Bulletin says: While Congress is haggling over appropriations for coast defense the British Government is planting new batteries to defend Esquimaux, which lies like a watch-dog at the entrance of Puget Sound, the port of a transcontinental railroad.

WHAT the matter with Teller of Colorado as an available man for the Republicans in 1892? He has stood true to the best interests of the country and is in every way fitted for the trust.

## These Are the Books

## We Are Giving Away.

This book contains 480 pages; is eight and one-half inches long, six inches wide and two inches thick. It is printed on extra heavy paper and is handsomely bound, with embossed cover and gilt lettered back.

It is different from all other works ever published. First—It teaches those who have it how to tell what the matter is when a person gets sick.

All similar books tell what to do if you know what the disease is. This book tells you HOW TO DETECT THE DISEASE, and then what to do for it.

Second—When a person is really attacked by a dangerous disease, it enables you to know the fact, and in such cases its advice is: "Send for a competent physician at once." But in all ordinary cases, such as can be easily cured, it gives full directions for treatment.

Third—It is not confined to the practice used by any one class of physicians; but it gives, separately, and for each disease, the methods used by each of the different schools of medicine, and in ALL CASES the PRESCRIPTIONS ARE MADE BY THE MOST EMINENT MEN in their respective modes of practice. This makes the work specially suited to the needs of every family, no matter what medical school they prefer.

No other Book Published does this.

TESTIMONIALS: Having examined the advance sheets of the work entitled "Our Family Physician," I can say that I find it a curious in its descriptions of diseases and reliable in its therapeutic department. H. F. COOK, M. D., Professor of Theory and Practice, Heilmann Medical College. I have examined the advance sheets of "Our Family Physician," and I give my pleasure and commendation to the work as correct in its mode of treatment of disease, and it deserves wide circulation. J. F. COOK, M. D., Professor in Bureau's Medical College, Chicago. After examining the publication "Our Family Physician," I can say that I find it a curious in its descriptions of diseases and reliable in its therapeutic department. H. F. COOK, M. D., Professor of the Bureau's Medical College.

## MISCELLANEOUS.

### Dyspepsia

Makes many lives miserable, and often leads to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition. "I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 135 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. WILSON, 20-21 1st South Street, Salt Lake City, Utah.

Headache—Hot Flashes. "I had headache, hot flashes, soreness and swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLSON, Auburn, Cal.

Hood's Sarsaparilla Sold by druggists. \$1.50 per bottle. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

## JOTTINGS.

Wall paper of all kinds at Shoemaker & Ruth's.

Mixed paints—the best made, all colors at Shoemaker & Ruth's.

A hotel conducted like the Riverside will always be well patronized by a desirable class of people.

Those nice hot lunches to which J. J. Becker treats his patrons every day in the week, are all the midday meal anybody needs.

Make your little one happy by presenting her with one of those beautiful dolls to be had at C. J. Brooklin's variety store.

If you are looking for the best hotel accommodations at a rate anybody can afford to pay, patronize the Arcade. Meals at any hour of the day or night.

Blank books of all sizes either single or in complete sets at C. A. Thurston's news depot, where also is carried all the leading monthly and quarterly magazines.

If you wish to see a nice lot of fruits and berries, just examine those kept by E. C. Leadbetter. If you are going to purchase or can any berries now is the time, as Leadbetter has a lot of Mason's jars for sale.

## Tourists.

Whether on pleasure bent or business, should take on every trip a bottle of Syrup of Figs, as it acts most pleasantly on the kidneys, liver and bowels, preventing fever, headache and other forms of sickness. For sale in 50 cent and \$1.00 bottles by all leading druggists.

## Strong Language.

J. B. Langham, ex-mayor of North Des Moines, Iowa, said recently: "I have just recovered from a severe attack of grippe. I used Chamberlain's Cough Remedy, and applied Chamberlain's Pain Balm to my breast. These remedies were just the thing in my case. My child had coughed some years ago, and we used Chamberlain's Cough Remedy with perfect success. Since then we have never been without these medicines in our house. I had a cousin who was a printer and was employed in a job office in this city, where they were printing circulars for Chamberlain. He had a deep-seated cold and a terrible cough, and while setting up the copy he made up his mind to buy a bottle. It cured his cough and that was the first time I ever knew anything of Chamberlain's remedies. I have been strongly in their favor ever since. My own experience and that of my family convince me that these remedies are the best in the world. That may be strong language, but that is what I think." For sale by Shoemaker & Co.

## The First Step.

Perhaps you are run down, can't eat, can't sleep, can't think, can't do anything, your satisfaction and you wonder what all you should heed the warning, you are taking the first step into Nervous Prostration. You need a nerve tonic, and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great nerve tonic and alternative. Your appetite returns, good digestion is restored and the Liver and Kidneys resume healthy action. Try a bottle. Price 50c, at Wm. F. Pinner's Drug Store.

**A Sure Cure for Piles.**

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blood, bleeding and protruding, yield at once to Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, absorbs tumors, relieves itching and effects a permanent cure. See Druggists or mail order from Dr. Bosanko, Piquette, O. Sold by S. J. Hodgkinson.

## The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experience just how good a thing it is. I have ever tried it, you are one of its staunch friends, because the wonderful thing about it is that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold, or any Throat, Lung or Chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottle free at Wm. F. Pinner's drug store.

## Somebody Tells Somebody.

Dr. B. Hamilton, of Lenoire, Cal., says a few dozen bottles of Chamberlain's Cough Remedy which he sold here created such a demand for the remedy that he could not well do without it. Those who use it find it so much superior to any other remedy they have ever tried that they recommend it to their friends, and that is what makes it so popular. For sale by Shoemaker & Co.

## Spring Medicine.

Dr. Gunn's Improved Liver Pills are so adapted for correcting spring disorders, such as impure blood, liver troubles and worms out of the body. They set promptly on the liver and kidneys, drive out all impurities from the blood, and clear the system. Only one pill at a dose. Try them this spring. Sold at 25 cents a box by S. J. Hodgkinson.

Fryer's Ahi-line Ointment—Made from the gum of the Ahi-line tree, or "Tissue Sabianum" is guaranteed for piles, skin rashes, catarrhs, hemorrhoids, etc. Price 25c. Sold by Wm. F. Pinner. The original and genuine Ahi-line preparations bear the Ahi-line signature of D. F. Fryer.

## COMMENCEMENT EXERCISES.

Reno High School, Friday June 20, 1930.

At 2 o'clock tomorrow the Reno High School graduating class of 1890 will hold its commencement exercises at McKissick's Opera House.

The following named pupils compose the class: Beryl Budden, Mae Ede, Mae Griffin, Charles Knox, Grace Palmer and Harry Stewart. An invitation is extended to all to be in attendance.

Following is the program:

Awarding of merits and conferring graduation honors—Miss Ida Spooner.  
Valedictory—Miss McCann.  
Closing remarks—Rev. Father Kieley.

## THE JINGLERS.

"They Carry Things With a Sweep of a Cylone."

The Southern California Advocate has the following eulogy of the "Jinglers": These superb vocalists have captured the hearts of the people at the Alliance Assembly. From their name many suppose they use instruments in their performances. Not so! The only instrument, outside of an accompaniment on the piano, is their magnificent voices. There are four gentlemen and two ladies; but they can sing almost as loud and stir up as much intense enthusiasm as one of Thomas's celebrated orchestras. The harmony of their voices is perfect, and when they swing out on a plantation melody or a camp-meeting rouser, the audience is so wrought up that they can scarcely restrain their feelings, and oftentimes break out into a storm of applause in the midst of a song.

They carry things with a sweep of a cyclone. To be secured three times is a common experience. The shouting, tenor and bass are most remarkable performers. To hear them is alone worth the price of a season ticket. Their imitation of a brass band, steam calliope and Chinese band never fail to bring down the house. We never heard a set of singers that could so well entertain an audience for an hour and a half on pure singing. Their good-natured ways and jolly songs endeared them to all, and Long Beach audiences will be glad to hear them any time in the future.

At McKissick's Opera House Monday evening, June 23d.

## I. O. O. F.

The Grand Lodge Still in Session in Reno.

The Grand Lodge of I. O. O. F. was called to order at 9 o'clock yesterday, as per adjournment, P. H. Mulcahy, Grand Master, presiding.

The roll of officers and roll of representatives was called.

It was voted to hold the next session of the Grand Lodge at Winnemucca.

During the year the Endowment Rank of Odd Fellows has paid out \$5,551,500 in the United States, and the State of Nevada, \$22,600.

The most of the day was taken up in adopting a constitution for the Grand Lodge and Subordinate Lodges. Adjourned till to-day at 9 o'clock.

## The Big Foot Race Likely to Fail.

The Carson Tribune of the 18th inst. says: There is a probability that the Dobbins-Rosenthal foot race will not come off on Sunday next. Furlong, the backer of Dobbins, failed to put up the second deposit of \$500 on Saturday at the Bullion & Exchange Bank, as agreed in the article drawn up when the race was made, although he claims to have offered to put up the coin on Monday. It is said the Hawthorne people will claim the original forfeit of \$500.

## A Cutting Affray.

The Winnemucca Silver State of the 18th inst. says: A cutting scrape occurred early this morning in the Silver State saloon, in which Spanish Louis slashed another Spaniard quite severely. The knife was taken from him and he armed himself with a large rock and attempted to do further damage, but was soon disarmed.

## Industrial Exposition.

The Board of Directors of the North Pacific Industrial Exposition, to be held at Portland, September 25th to October 25th, this year, have sent out an illuminated pamphlet with a detailed statement of what is intended to be done in the way of exhibitions of machinery, agriculture and stock of all kinds.

## A Probable Snow-Mile.

The people of Sisson say they can see nothing wrong with the peaks of Mount Shasta. The general belief is if any change has taken place as that reported from Redding, it is owing to the sliding of a mass of accumulated ice and snow.

That tired feeling, so subtle and yet so overpowering, is entirely overcome by Hood's Sarsaparilla, which tones and strengthens the system and gives a good appetite. Be sure to get Hood's Sarsaparilla. "Hood's Sarsaparilla" is true only of this peculiar medicine.

## BREVITIES.

Local and General Intelligence.

The Grand Lodge of Odd Fellows for 1891 will be held at Winnemucca.

J. C. Van Doren, a recent arrival at Los Angeles from Nebraska, has fallen heir to \$70,000.

John Sunderland has in stock the best selected line of furnishing goods ever brought to this market.

The Grand Encampment of Indian War Veterans of the North Pacific Coast is in session at Portland.

Frank Wyatt went to Elko this morning to report the hanging of the Potts to-morrow for the Gazette.

In one building in Nookack City, Wash., a church, a saloon and a clothing store are all under the same roof.

The trial of General H. L. Gordon for assault to murder C. H. Potter, began in the Superior Court at San Jose, Cal., Tuesday.

Mt. St. Mary's Academy will hold its thirteenth annual commencement exercises this evening at the Academy hall at 7:30 o'clock. Those who have received invitations should avail themselves of the opportunity and be promptly in hand.

## PERSONAL.

J. M. Campbell, editor of the Virginia Enterprise, arrived in town last evening.

Francis G. Newlands is reported to have consented to deliver the Fourth of July oration at Virginia City.

Conductor Fred Benson and Engineer William Belden passed west Tuesday night on their way to tide-water.

Constable Upson of Reno, and Sheriff Fellows of Humboldt county, left here today to be present to-morrow at Elko at the execution of the Potts.

Chas. Michelson and Miss Sweet, reporters for the Enterprise, were passengers for Elko this morning to report the hanging to-morrow.

Dr. D. H. Gray, dentist, who has done a rushing business for the past three weeks in Reno at the Riverside Hotel, has closed his parlors for the present, but will likely return here this fall.

Two Human Skeletons Found.

A gentleman who arrived per last evening's V. & T. express, reports that just before he left Franktown, Alex Twiddle and two others who had just returned from a stock hunting trip, reported that in the sand hills east of Washoe Lake they discovered the skeletons of two men who had evidently been dead many months. One of the skeletons was on its face with both arms outstretched. The train left Franktown before the Gazette's informant could gather any more particulars.

## Ball Refused.

A San Francisco dispatch of the 18th inst. says: The cases of the seven men arrested for complicity in the death of Harry McBride, killed in the glove fight at the Golden Gate Club, all came up in Judge Rix's court this morning, and were continued until next Monday. Application for bail in the cases of Kowers, Joell, McGrath, Meyers and La Rue was made, and refused by the Judge until after the examination.

## Steam Barge Tied Up.

The steam barge J. C. Brittan has been tied up at the wharf at Tacoma on a libel suit of the Seattle and Northern Railroad Company. The Captain of the Brittan dumped \$6,000 worth of railroad iron belonging to the road into the Sound because he alleged the road violated its contract.

## Cannot Be Explained.

Joseph C. Thornton, a young attorney from Logansport, Ind., a graduate of Yale and highly indorsed, committed suicide by hanging at Seattle Tuesday. His action cannot be explained. He was not in want, and was quite prosperous.

## Returned to Liverpool.

The party of glassblowers, who were not allowed to land in New York last week, as they were found to be contract laborers, were returned to Liverpool at the expense of the Cunard line, which brought them.

## Half-Past Tickets.

To those desirous of attending the Ogden Mardi Gras, which will be commenced on the 30th inst., the Southern Pacific Company will sell half-fare tickets at the Reno office, good until July 7th.

## Committee Meeting.

There will be a meeting of the Fourth of July Committee at 8 o'clock this evening in the band room over Welland's brewery. A full attendance is desired. T. K. Hyman, Chairman.

## A Doctor's Rebuke.

Immensely More Mischief than is Generally Suspected.

Dr. King, the eminent medical writer, in a learned dissertation on our national complaint, constipation, says:—  
The great quantity of cathartic pills, etc., which are taken by the people of this country are productive of immensely more mischief than is generally suspected. True, the physic unloads the bowels, but its action tends to diminish the tone of the intestines; so that, instead of removing constipation, it aggravates it, leaving the bowels in a more torpid condition.

Joy's Vegetable Sarsaparilla was designed to fill just such a contingency as the doctor's arrangement anticipates. It is instead of being a powerful mineral purgative, it is a mild vegetable laxative, that, owing to its solvent and gentle stimulating properties, is so certain an relief in constipation that it has been given away to hundreds, not to be paid for unless it was of positive benefit. It replaces constipation almost immediately with a natural easy habit, and is so mild that, unlike drastic purgatives, it can be taken indefinitely with perfect safety.

## A Fine Store.

A. Nelson's new cigar and tobacco store, next to John Sunderland's clothing department, will be ready for occupancy on the 25th inst., at which time Mr. Nelson will move from his present location.

Imperfect digestion and assimilation produce disordered conditions of the system which grow and are confirmed by the use of laxatives. "Hood's Sarsaparilla" is a powerful blood purifier. It cleanses the blood and purifies the system. It is a powerful blood purifier. It cleanses the blood and purifies the system. It is a powerful blood purifier. It cleanses the blood and purifies the system.

## MURDERED BY INDIANS.

Ten Men Thought to Have Been Killed by Apaches.

A special from El Paso, Texas, of the 17th inst. says: A freight crew which arrived here this morning over the Southern Pacific road report that when they arrived at Separ Station, just this side of Lordsburg, New Mexico, at 2:30 this morning, they found the town in the wildest excitement over the arrival of a cowboy who had just reached there barefooted. His feet were covered with cuts and blisters from having run ten miles from a ranch north of Separ, where he and ten other men were camped.

He states that at 10 o'clock last night a band of Indians surprised them, and shot them down as the men jumped out of their blankets to escape. He thought there were about thirty Indians in the band.

The cowboys had been in bed but a short time when the attack was made. Some of them were armed, but did not have their guns ready, not expecting to find Indians on the warpath in that section. He saw three men drop and thinks that the rest shared the same fate.

A posse was organized at Lordsburg and one at Deming this morning to hunt the Indians. Separ is 130 miles west of this place.

Swearing Battle.

From Nogales to the railroad, and from the Colorado to the New Mexican line, in Arizona, the valleys and mesas are reported to be covered with the carcasses of cattle. For some years the ranges of Arizona have been overstocked, but no really evil consequences resulted until this dry season, and now the losses are very great.

A rain last Tuesday over Southern Arizona, lasting some hours, will make the grass grow and fill the lagoons with water.

Judgment for the Government.

Postmaster-General Winmaker has obtained judgment in Portland, Me., against a star-route contractor who refused to keep the mails moving on a losing agreement.

Iowa Greenbackers.

The Greenbackers of Iowa, or what is left of them, are going to hold a State convention and nominate a full state ticket. The convention is called for August 14th at Des Moines.

Rich Copper Mine.

A rich deposit of copper ore, mixed with silver in paying quantities, has been found west of Drummond, Wis., near Eau Claire Lake, one vein being traced a distance of three miles.

Deal Gently with the Stomach.

If it is possible to avoid the use of the thing to set it right. Not all the nauseous draughts and belues ever invented can do half as much to remedy its disorders as a few wingless stomach-bitters, which will afford it speedy relief, and eventually banish every headache and bilious symptom. Sick headache, nervousness, salivaceous of the complexion, fur upon the tongue, vertigo, and those many indestructible sensations caused by indigestion, are too often perpetuated by injudicious dosing. An immediate abandonment of such random and ill advised experiments should be the first step in the direction of a cure; the next step use of our standard tonic alternative, which has received the highest medical sanction and won unprecedented popularity.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or so pay no more.

For coughs and throat troubles use Brown's Bronchial Troches.

They stop an attack of my asthma cough promptly.—C. F. Fitch, Miami, Ohio.

Advice to Mothers.

Mrs. Winkler's Soothing Syrup should always be used when a child is teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. Try a pair.

To Stockmen and Ranchers.

J. Westlake makes men's heavy French shoes full stock to order for \$5.00. Try a pair. Repairing neatly and promptly done. 51
